Should he fail to do so, the initial deposit made by him will be forfeited and the shop will be put up again immediately or otherwise disposed of by the Collector and the defaulter will be debarred from bidding again for the same or for any other shop. The resale will be at the risk of the defaulter who will forfeit all gain and in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale.

2 Successful bidders will be allowed to open their shops only in unobjectionable sites within the limits specified above and at a distance of not less than 100 yards from one another.

3. (a) Every person whose bid is provisionally accepted shall—

(i) at once, if so required by the selling officer or otherwise at the close of the day's sale, deposit in addition to the deposits made under clause 1 half a month's rent for each shop knocked down to him unless the initial deposit equals or exceeds two months' rent;

(ii) at once apply in writing for a licence for each shop knocked down to him and within a week from the date of sale, furnish the Inspector of Excise, Madras Town Circle, within the boundaries of the site selected by him for the location of the shop and the Collector with a statement in the prescribed form to be obtained at the Collector's office showing details of the immovable property possessed by him, or in which he has an interest, together with arrears and full details of encumbrances, etc., thereon;

(iii) within fifteen days from the date of sale deposit such a further sum as with the deposits already made under sub-clause (i) supra will make up two months' rent of all shops knocked down on him.

(b) Further if the Collector is not satisfied that any such purchaser can be trusted to pay his rent punctually and fully, he shall require him in addition to making the deposit required under clause (a) (iii) supra to select one of the following three courses and follow it within the time specified by the Collector, i.e., either

(i) to deposit two months' rent of all shops knocked down to him; or

(ii) to execute a mortgage of his immovable property in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser, or

(iii) to produce a surety or sureties, to be accepted by the Collector, who should execute a security bond for the due payment of all moneys that may become due by the purchaser under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of the Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof by the surety or sureties or by the purchaser.

If the Collector is not satisfied that the value of the immovable property tendered as security by the purchaser under sub-clause (ii) supra is adequate he shall require him to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Collector, who shall execute a security bond for the balance of the money that may become due and a mortgage deed of his or their property in favour of the Government.

The sureties referred to in this clause (b) shall submit to the Collector a statement in the prescribed form, showing details of their immovable property.

The purchaser shall be bound to carry out the provisions of this clause (b) within ten days from the date of communication to him of the Collector's orders requiring him to do so.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser. He shall be bound to execute a counterpart agreement. The purchaser or his surety must produce at his cost an encumbrance certificate in cases in which immovable property is mortgaged to the Government.

(c) On the failure of any person to make deposit or apply for a licence under clause 3 (a) above or to comply with any requisition or to execute any engagement under clause 3 (b) above, the deposits already made may be forfeited and the shop may be resold or otherwise disposed of by the Collector. Resales under this condition will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the shop is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

4 Temporary licence will not be issued except in special cases and in no case where the issue of the permanent licence is delayed through the failure of the licensee to comply with the conditions set forth above and in the annual notification of the Commissioner of Excise.
